

## Great Wyrley new students

To the new pupils,

Hi,

I'm here to inform you about the great and amazing experiences you will be having if you come to Great Wyrley Academy. This year was quite an experience all through my year 7 but all around I couldn't have asked for a better year. There are plenty of great things to do here and includes:

- Many types of sports such as football, basketball , hockey
- music
- Different lessons that you have all the time like DT and Science

My experience has been a wild journey but all around amazing. I have learned so many things even due to online schooling because of quarantine. I've still learned lots through working via my computer. Teachers have helped and even when I have said "I can't do this," "I don't get it". I've had help and eventually have made it when I thought I could never get there

Hope you have an amazing experience - see you soon

Summa

A Year 7 student
